

# Product Data Sheet

## Product Description

|                     |                                                                 |
|---------------------|-----------------------------------------------------------------|
| Catalogue number    | 5030072C                                                        |
| Product description | ExpellPlus 200µL, pre-sterile, clear, bag, individually wrapped |
| Sales Unit          | Case / 5 x 400 pcs.                                             |

## Product Characteristics

|                       |                                                           |
|-----------------------|-----------------------------------------------------------|
| Graduation            | Yes                                                       |
| Filter                | No                                                        |
| Filter specifications | N/A                                                       |
| Low retention         | Yes                                                       |
| Sterilised            | Yes                                                       |
| Autoclavable          | Yes, 121 °C, 20 min                                       |
| Purity                | Free of RNase, DNase, Human DNA, Pyrogens, PCR Inhibitors |

## Size

|                   |          |
|-------------------|----------|
| Max. volume       | 200 µL   |
| Length of product | 53.40 mm |

## Material / Colours

|                   |                    |
|-------------------|--------------------|
| Product material  | Polypropylene (PP) |
| Colour of product | Clear              |

## Packaging

|                          |                           |
|--------------------------|---------------------------|
| Type of packaging        | Bag, individually wrapped |
| Pieces/rackbox           |                           |
| Pieces / bag             | 400 tips                  |
| Pieces / pack            |                           |
| Pieces / case            | 2000 tips                 |
| Dimensions case / carton | 232 x 635 x 272 mm        |

## Storage and Handling

|             |                       |
|-------------|-----------------------|
| Temperature | Below 35°C            |
| UV light    | Protect from UV light |

**Note:** *Improper storage can initiate degradation, which results in colour changes and can have negative effects on the physical properties of the products.*

**Safety:** *The product is not classified as dangerous*

**Recycling:** *The product is recyclable.*
